Who Benefits?

All proceeds and monetary donations raised go directly to About Care, a 501(c)3 non-profit organization. About Care delivers caring, compassionate support services such as transportation, shopping, errands, and respite care at no cost to the client.

The organization was created five years ago in response to the growing demand for the elderly and physically challenged homebound residents of Chandler and Gilbert. Your generous donation to participate in the tournament will help ensure that About Care can continue its mission to serve and support those in need.
